 Tires: OK – Passed (more than 80% thread remaining)
 Vehicle Condition: USED – Good

**The car has never had any accidents. It has never been reported as stolen.
 The service book is up to date. There is no outstanding finance or debt on this car. It is not a leasing.**

The Jetro International Limited Vehicle Inspection Report summarizes condition of vehicle as observed by the inspector at the time of inspection. Ordinary wear and tear and other external factors that can change a vehicle's condition are measured at the time of inspection and Jetro International Limited makes representation about the condition of any vehicle on the date of inspection. The Jetro International Limited inspection does use computer diagnostic equipment or other mechanical diagnostic equipment and it is a substitute for any examination by a qualified mechanic at a properly equipped repair facility. Jetro International Limited relies on the state registration found with the vehicle to identify the owner and verify the VIN, does verify the registration to check for liens (bank debts, leasing debts) against the vehicle or the title of the vehicle. The owner name in this inspection is the same as the owner name written on

the vehicle registration book. Jetro International Limited does not provide a warranty of the vehicle. If the warranty box is checked, the international warranty will be provided by any certified dealership of the manufacturer.

All inspections are subject to Terms and Conditions.
